ADOPT SPRAY OIL

**ACTIVE CONSTITUENTS: 582 g/L PARAFFINIC OIL
228 g/L ALKOXYLATED ALCOHOL NON-IONIC SURFACTANTS
SOLVENT: 60 g/L LIQUID HYDROCARBONS**

An Adjuvated Spraying Oil to improve the spreading and wetting of herbicides, insecticides and defoliants on plant surfaces as specified in the directions for use.

**CONTENTS:
110 LITRES**

DIRECTIONS FOR USE

Important: Prior to use read all directions on this label and on the label of the product(s) being used. The product(s) label for the specific usage and restrictions have precedence over Directions for Use referred to on this label.

Loveland Adopt Spray Oil is compatible with a wide range of herbicides including: Atrazine[®], Clodinafop 240/ Cloquintocet-mexyl 60 selective Herbicide, Haloxypop 520EC Herbicide, Tralkoxydim 400 WG Herbicide

* when mixing with atrazine water dispersible granule formulations, agitation is required.

SITUATIONS	APPLICATION RATE/100L
Broadacre cropping including fallow (except sugarcane)	Where specified use 500mL Loveland Adopt Spray Oil /100L water, applying a minimum of 250 mL of Loveland Adopt Spray Oil per hectare.
Sugarcane and Cotton Defoliation	Where specified use 1L Loveland Adopt Spray Oil /100L water, applying a minimum of 500mL of Loveland Adopt Spray Oil per hectare.
Spot and High Volume Spraying	Where specified use 500mL Loveland Adopt Spray Oil/100L water, applying to the point of run-off.
Horticulture	Loveland Adopt Spray Oil is compatible with Haloxypop 520 Herbicide for horticultural uses. Where specified use 500mL Loveland Adopt Spray Oil/100L water, applying a minimum of 250 mL of Loveland Adopt Spray Oil per hectare.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

WITHHOLDING PERIOD: Adhere to the withholding period(s) specified on the label of the companion product(s) used.

GENERAL INSTRUCTIONS

MIXING

- These are general mixing instructions. Always follow mixing instructions of each ingredient in tank-mix. Ensure product compatibility. Recommendations on other product labels take precedence over mixing instructions on this label.
- Add water to the spray tank to 10cm above the level of agitation and ensure the agitation device is working vigorously (there must be a minimum of 100L of water in the tank before any pesticide is added).
- If tank mixing, use the following general order for mix partners. First add water disposable granules, second add flowable formulations (e.g. Atrazine), third add emulsifiable concentrates, fourth add water soluble liquids and last add Loveland Adopt Spray Oil and other adjuvants.
- Between the addition of each ingredient allow at least one minute to ensure thorough mixing before the next tank-mix partner is added.
- Finally add Loveland Adopt Spray Oil. Continue filling the tank to the required volume agitating at all times.
- Only mix sufficient solution for immediate use. Haloxypop 520 Herbicide and any other tank-mixes should be applied immediately for best results.

STORAGE OF SPRAY SOLUTION

Agitate for 1 hour every 8 hours, and agitate for 1 hour before spraying out where spray solution is not applied within 8 hours of mixing.

CLEANING SPRAY EQUIPMENT

The presence of product(s) makes it essential for the spray equipment to be cleaned between different applications. To rinse and decontaminate spray equipment refer to relevant product labels for instructions.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL

EXPLOSION WARNING: Apparently "Empty" containers may contain liquid and/or vapour residue which can be explosive if exposed to an ignition source at temperatures above 90°C. Such conditions may occur during cutting or welding. DO NOT cut or weld these containers. Explosion may cause injury or death. Store in the tightly closed original container in a securely locked, well-ventilated place out of direct sunlight. DO NOT store near food, feedstuffs, fertiliser or seed. DO NOT re-use 1L, 5L and 20L containers. Triple-rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. DO NOT burn empty containers or product.

For refillable containers: Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

SMALL SPILL MANAGEMENT

Wear appropriate clothing whilst cleaning up small spills. Apply absorbent material such as earth, cat litter, sand or clay granules to the spill. Sweep up material for disposal when absorption is complete. Dispose of the contaminated material in accordance with state and/or local regulations.

SAFETY DIRECTIONS

Will irritate the eyes and may irritate the skin. Avoid contact with eyes and skin. When opening the container and preparing spray wear elbow-length chemical resistant gloves and face shield or goggles. If product in eyes, wash it out immediately with water. Wash hands after use. After each day's use wash gloves, face shield or goggles.

FIRST AID

If poisoning occurs, contact a doctor of Poisons Information Centre. Phone Australia 13 11 26; New Zealand 0800 764 766. If swallowed do not induce vomiting.

SAFETY DATA SHEET (SDS)

Additional information is listed in the Safety Data sheet, which is available from the supplier.

CONDITIONS OF SALE: Any provisions or rights (under the Competition and Consumer Act 2010 and/or relevant state legislation) which cannot be excluded by those states or by law are not intended to be excluded by these Conditions of Sale. Subject to the foregoing, all warranties, conditions, rights and remedies (expressed or implied under common law, statute, or otherwise) in relation to the sale, supply, use and/or application of this product are excluded. This product must be used strictly as directed and in accordance with all instructions appearing on the label and other reference material. To the extent allowed by statute, Loveland Products, Inc. and/or its affiliates shall not accept any liability whatsoever (including consequential loss), howsoever arising (including negligence), for any damage, injury or death connected with the sale, supply, use and/or application of this product.

Additional statements required by Globally Harmonised System of Classification and Labelling of Chemicals (GHS) and Safe Work Australia: Combustible liquid. Causes serious eye irritation. Do not get in eyes, on skin, or on clothing. Do not eat, drink or smoke when using this product. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice. Collect spillage. In case of fire, use carbon dioxide, dry chemical, foam, water fog. Alcohol resistant foam is the preferred firefighting medium but, if it is not available, normal foam can be used. Store in a dry place.
