Grasses grown for seed	Foliar; Apply at tillering, early boot, and flag leaf emergence.	3-10

COMPATIBILITY

CACE CLEAR is highly compatible with many fertilisers, nutrients, pesticides, and fungicides. If unfamiliar with its use, be sure to check by performing a jar test, mixing each product in the same ratio as to be field applied.

Caution: Do not mix with phosphorus products.

STORAGE AND HANDLING

KEEP OUT OF THE REACH OF CHILDREN. When handling this product, avoid skin and eye contact, ingestion or inhalation of spray mist. Always wear protective goggles, hat and protective clothing.

DISPOSAL

DO NOT contaminate water, food, or feed by storage and disposal. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/container in accordance with local/regional/national regulations.

SAFETY DATA SHEET

For further information, refer to the Safety Data Sheet which is available from the supplier.

CONDITIONS OF SALE: Follow directions carefully. Timing and method of application, weather and crop condition, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith. Nutrien Ag Solutions does not make, nor does it authorise any agent or representative to make any warranty, guarantee or representation, expressed or implied, concerning this material or the use thereof, except in conformity with the statements on the label.
