**Nutriwet®**

**ADJUVANT**

**ACTIVE CONSTITUENTS: 190.8 g/L ANIONIC SURFACTANTS  
81.5 g/L ALCOHOL ETHOXYLATE**

**A wetting agent for use with Insecticides, Miticides, Fungicides,  
Herbicide, Plant Growth Regulators and nutrients knockdown  
and residual herbicides.**

Batch Number:

DOM:

**CONTENTS: 10 LITRES**

106223\_0721

**DIRECTIONS FOR USE**

**RESTRAINTS:** DO NOT use Nutriwet on pears, table grapes, pomegranates or persimmons for the period there is fruit on the tree or vine (between fruit-set and harvest).

SITUATION	APPLICATION RATE	CRITICAL COMMENTS
Insecticides, Herbicides, Fungicides	50-200 mL (0.05-0.2%)	Use the higher rate on hairy, waxy dusty or hard to wet surfaces.
Strawberries, Mangoes	50-100 mL (0.05-0.1%)	
Plant Growth Regulators and Foliar Applied Nutrients	25-100 mL (0.025% to 0.1%)	Prior to using this product read all directions on this label and on the label of the agricultural chemical being used, including the Safety Directions, First Aid Instructions, Precaution statements and any Warning statements.
Herbicides	100-250 mL (0.1-0.25%)	
Hard to Kill Weeds	400-800 mL (0.4-0.8%)	

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**GENERAL INSTRUCTIONS**

Nutriwet is a highly effective surfactant designed for use with insecticides, miticides, fungicides, herbicides, plant growth regulators and nutrients requiring a wetting and spreading agent. Nutriwet contains non-ionic and anionic surfactants. Nutriwet enhances physical and chemical properties of the spray solution and assists in overcoming water repellency of the leaf surface.

A spray adjuvant added to some pesticide or pesticide tank mixes may cause some phytotoxicity to susceptible crops and plants. Care should be taken to ensure low rates (< 200 mL/100 L) and high dilutions are used with sensitive crops. Caution should be used when applying Nutriwet; it is advisable to apply to a small area before full scale treatments are made.

**Notes on Pesticide Efficacy Effects**

Nutriwet may increase the response of insecticides, miticides, fungicides, plant growth regulators, herbicides and nutrients. Users and/or applicator should therefore evaluate this response prior to widespread usage and read the entire label before using.

**Mixing Directions**

Half fill tank with water. Add the required amount of pesticide while agitating. Add remainder of the water. Add the recommended amount of Nutriwet last and continue agitation until completion of spraying. DO NOT leave spray mixture overnight.

**Precautions**

**Re-entry Period:** Follow instructions given on the label of pesticides/plant growth regulators/nutrients included in the tank mix.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT**

DO NOT contaminate streams, rivers and watercourses with the chemical or used containers.

**STORAGE AND DISPOSAL**

**Keep out of reach of children.** Store in the closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight.

This container can be recycled if it is clean, dry, free of visible residues and has the *drumMUSTER* logo visible. Triple rinse container for disposal. Dispose of rinsate by adding to the spray tank. DO NOT dispose of undiluted chemicals on-site. Wash outside of the container and the cap. Store cleaned container in a sheltered place with cap removed. It will then be acceptable for recycling at any *drumMUSTER* collection or similar container management program site. The cap should not be replaced but may be taken separately. The closed system valve should be disposed of in an approved waste management facility. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. DO NOT burn empty containers or product.

**SAFETY DIRECTIONS**

Will irritate the eyes. May irritate the skin. Avoid contact with eyes and skin. When opening the container and preparing product for use, wear face shield or goggles. If product in eyes wash it out immediately with water. Wash hands after use.

**FIRST AID**

First Aid is not generally required. If in doubt, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26; New Zealand 0800 764 766.

**SAFETY DATA SHEET**

For further information, refer to the Safety Data Sheet which is available from the supplier.

**CONDITIONS OF SALE:** Any provisions or rights (under the Competition and Consumer Act 2010 and/or relevant state legislation) which cannot be excluded by those states or by law are not intended to be excluded by these Conditions of Sale. Subject to the foregoing, all warranties, conditions, rights and remedies (expressed or implied under common law, statute, or otherwise) in relation to the sale, supply, use and/or application of this product are excluded. This product must be used strictly as directed and in accordance with all instructions appearing on the label and other reference material. To the extent allowed by statute, Loveland Products, Inc. and/or its affiliates shall not accept any liability whatsoever (including consequential loss), howsoever arising (including negligence), for any damage, injury or death connected with the sale, supply, use and/or application of this product.

APVMA Approval No: 89581/125348

Additional statements required by Globally Harmonised System of Classification and Labelling of Chemicals (GHS) and Safe Work Australia: **Causes skin irritation. Causes serious eye damage.** Wear protective gloves / eye protection / face protection. IF ON SKIN: Wash with plenty of water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Specific treatment (see on this label). Wash thoroughly after handling. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice/attention.  
**Product contains:** Alcohols, C12-14, ethoxylated, sulfates, sodium salts, Alcohols, C13-15, ethoxylated.
